RE: Mississippi Hearing Loss Litigation

Dear Alan:

While we were in New Orleans, we discussed meeting to attempt to resolve the issue of coverage for 1964-1970 for Black & Decker. I suggest that when we meet in Nashville on the allocation issue, we set aside some time to try to resolve the 1964-1970 coverage issue. Black & Decker's Risk Manager is scheduled to attend the meeting on the 24th, and we can either meet on the 24th or the afternoon of the 23rd when we go to Nashville.

Please let me know if your schedule is open to this arrangement.

Sincerely,

Richard P. Kidwell
